# Electrolyte Paste

**Looking for a convenient, quick way to replace lost electrolytes?**

**Electrolyte Paste is formulated with balanced electrolyte salt and proteinated trace minerals to help replace fluids lost through sweat during a heavy training session or hot summer day.**

**Helps maintain normal body fluid levels**

Horses in exercise, training programs or work on a farm lose electrolytes from sweating. Electrolyte Paste provides an economical way to help support hydration levels in today's equine athletes.

- Helps replace lost electrolytes and supports electrolyte balance
- Contains supplemental Calcium, Sodium, Chloride, Magnesium and Potassium
- Formulated with proteinated trace minerals Iron, Zinc, Magnesium, Copper and Cobalt
- Convenient, easy to use single feeding paste tube

Add Electrolyte Paste to your tack box today to help support hydration levels during exercise, summer heat or environmental changes. May be used anytime and anywhere, including pre, during, and post exercise.

# Electrolyte Paste

Guaranteed Analysis: 35 g	Per lb	Per 35 g
Crude Protein, min	2.00%	700 mg
Glycine, min	2.00%	700 mg
Calcium (Ca), min	5.50%	1,925 mg
Calcium (Ca), max	6.00%	2,100 mg
Salt (NaCl), min	17.50%	6,125 mg
Salt (NaCl), max	18.50%	6,475 mg
Magnesium (Mg), min	1.80%	630 mg
Potassium (K), min	9.25%	3,237 mg
Copper (Cu), min	50 ppm	1.75 mg
Zinc (Zn), min	100 ppm	3.5 mg
Iron (Fe), min	705 ppm	24.675 mg
Manganese (Mn), min	66 ppm	2.31 mg
Cobalt (Co), min	0.50 ppm	0.0175 mg

**Ingredients:** Salt, Potassium Chloride, Water, Calcium Carbonate, Magnesium Chloride, Dextrose, Propylene Glycol, Glycine, Natural & Artificial Flavor, Xanthan Gum, Iron Proteinate, Hydroxylated Lecithin, Sorbic Acid (preservative), Corn Syrup Solids, Zinc Proteinate, Manganese Proteinate, Copper Proteinate, Cobalt Proteinate.

**Feeding Directions:** For Oral Equine Use Only - To provide supplementary electrolytes and trace minerals pre - and post - event, dispense one-half to one full tube (17-35 grams) orally on back of horse's tongue. (Do not administer to horses that are unable to swallow.)

## Electrolyte Paste is available in:

- 35 gram tube

## Recommended Areas of Use:

- Environmental changes
- Sweated horses
- Horses in light to heavy exercise
- Animals under stress

Available From:

Electrolyte Paste is part of Kauffman's complete line of nutritional supplements containing optimal levels of balanced quality ingredients to support equine health and performance.
