

KAUFFMAN'S

Summit™

High maintenance horses require comprehensive nutritional and health support that results in buying multiple different supplements leading to complexity and higher costs.

Summit™ is specially formulated to deliver broad nutritional and health support in a convenient, cost-effective, single dose approach to meeting the entire needs of your horse.

Summit targets 7 different nutritional/health areas in one, convenient dose!

KAUFFMAN'S® Summit equine supplement is designed to provide support across a broad range of everyday needs in a convenient, balanced approach that makes it easier to manage on a daily basis. Provides for the following nutritional support areas:

- **Hoof:** Delivers biotin, amino acids, proteinated zinc and copper, Omega-3 fatty acids and more to help build healthy hooves
- **Joint:** Glucosamine, chondroitin, hyaluronic acid, MSM, Vitamin C and glycine promote joint health, including flexibility and proper synovial fluid function to help minimize wear and tear on joints
- **Gut:** Yeast culture, beneficial bacteria (probiotics) and fish oil help aid in maintaining optimal digestive health
- **Immune:** Multiple ingredients provide key nutrients and activity that promotes a healthy, functioning immune system
- **Muscle:** A balanced amino acid profile, vitamin E and other key ingredients provide key building blocks for muscle growth and recovery
- **Coat & Skin:** High protein, omega-3's, fish oil, flaxseed and other minerals promote healthy skin and shiny coats
- **Weight:** High protein, added calories and enzymes help provide more fuel for maintaining proper body condition

Incorporate Summit in your everyday supplement routine to meet all of your horse's nutritional and wellness needs and keep them in optimal condition.
